**Bryan** posted:

i received a call from Josiah before he left Portland to head home, he wanted to hang out and told me he wouldn't be back for awhile, i told him i was going to my dads and i would see him next time he came into town. i wish i would have changed my plans to see him. it hurts to think about it. he was a good guy. i worried about him carrying the ruger, but many people carry here, so i never said anything against it, i should have. he was a kind soul, tormented by society. I know he has to be in a better place.

Josiah's story is now all across the entire US..articles of this event in Arizona and other states...this does not happen by chance people are concerned and heartbroken and feel there is great injustice in this young mans life being taken.

To Josiah's parents I'm so, so sorry for the loss of your son. My heart grieves...Josiah was a wonderful person, friendly, kind, generous and with a sense of humor. I miss running into him by chance in town, and no matter how much time had gone by since the last I'd seen him he would always smile, wave and if he had the time we'd talk for a couple minutes. For almost three years Josiah was the one person who repaired my old, ageing computer, and after a couple years of it needing fixed we both joked about the accumulated "pile" of work orders. I'll always remember that! I miss him...Respectfully, Jennifer

MF

**Marcus Fisher** sent a virtual gift in honor of Josiah.

We are very sorry for the loss of your son. My heart holds a heavy weight. I was able to know him for a brief time that we worked side by side. I myself know this pain! My heart goes out to you and your family! Respectfully with a sincere heart, M. Fisher

We are praying for the comfort and peace that only God can give. We only knew Josiah through his work at the computer center, and were impressed with his expertise, and his friendly and professional attitude. Our hearts go out to his family. Roger and Mary Welliver

I just had a small interaction with Josiah and his dad as computer service technicians so I really don't know the family very well. We DO hurt with you in this loss, though, just the same. So sorry to hear of Josiah's passing.
