I am heavy hearted this evening hearing of his passing online. Todd was always a great buddy to whoever needed one. I haven't seen him in quite some time. But, had many good times with him! He will surely be missed!

Todd may not have been my blood father but he was the most humble genuine father in law. I remember when my life was down and I was pregnant lost and needed guidance I called him and was always there to answer my calls and calmed me down. He never passed judgements and never shut me out of his family he always let me know no matter what I can ask for help and he would try his darn dis. He was an amazing man that created and will always leave a memory in our hearts. I will miss you dearly

I will miss you papa. You were always so fun to hang out with. I remember you would take me to the store and get me candy or coffee and then tell me "Shh, don't tell the other kids. This is our little secret." You were the person I went fishing with when I caught my first fish. I was so excited and I had so much fun with you..I wish we could've went fishing together more often and made more memories like that but now I have the fishing to do in order to remember you. I'm glad you were my grandfather. I was so lucky to have you and I won't forget the 16 years I've had with you papa. I love you so much

I can't believe that Todd is gone. My heart is heavy. My stomach in knots. Todd was an amazingly kind person that could make everyone laugh and smile. He loved his kids and his grandchildren more than life itself. It had been some time since I saw Todd but even w with time between us he always greeted me with a hug and a smile. He was kind, and loving and my love and condolences go out to his kids and their babies. Todd never claimed to be perfect, was honest about mistakes he had made. But he was and always will be one of the most genuine idol he I have ever met. Marcie, misty, Justin, Jason and all of your little people I wish I could take your pain and sadness away. I love you guys x

I will miss you always and forever. My dad was the best in the whole world. It didn't matter if he was broke or just got paid if he seen you were in need he would help. He would always wake us up in the morning music blaring breakfast made dancing and singing. He shielded me from a lot of what was going on with him because he didn't want his baby girl worrying about her dad. He knew I didn't like some of his life choices bit he never looked at me any different. On are way back from California we had a blast it was the best adventure I had been on with him since I flew the coop. He just kept saying he missed us hanging out and that he loved that I came to get him for California. We stopped to eat on are way back and we scared the crap out of misty and kadie we always got into some trouble lol. I miss my dad and I know he knew how much I loved him. He will alwaysbe watching over us pulling jokes and pranks pon us from heaven. I love you dad

It's still so unreal to believe that you are gone. Since day one that I met you, you treated me like one of your own, told me I was your daughter no matter what. I will miss all the times hanging out with you, all our talks. I know Duckey misses you dearly. We both miss you more than you'll ever know. You were one of the kindest people I've ever met. You had the biggest heart. I seriously miss you like crazy! I'll always remember how much you loved the moonshine bandits, and the song dynamo hum. I love you so much dad! You are always and forever missed!

Through the times he had lived with us there was not a day he wouldn't talk about his kids or grandbabies..I still wait for him to have coffee and talk about what his plans are rather it be a movie or taking his companion to the river to play.. He will be missed for sure by everyone ..We love you like a brother..
