Eugene "Gene" Dana Frost

OCT 16, 1928 - AUG 26, 2015

Eugene Frost entered the world in Hayden, Arizona. He was the first son of a mining engineer and a teacher. His brother, Tom, arrived soon after. Boyhood was spent in mining towns from Old Mexico to Colorado. He attended high school in El Paso where he played tennis. In college, He earned a chemical engineering degree at Rice University. He began work at a paper mill in Bogalusa, Louisiana until the summons came to enter the military.

He served in Korea as a forward observer and then field artillery unit commander. As a civilian, he resumed paper mill work and transferred first to Camas then to St. Helens. He met and married Jo, an R.N. who skied, hiked and climbed a mountain with him. Four children were born to them.

After retirement, he helped with things at church, was on the school board, read, visited kids and grandkids, and did yard work.

In August, he tangled with a rock that put him on a downward spiral. He said his goodbyes and left to meet the God he loved.

SADDENED TO HERE THAT GENE HAS PASSED AWAY...IT WAS A PLEASURE TO WORK WITH GENE WHEN I MANAGED THE ST. HELENS MILL...ALWAYS HAPPY...ALWAYS UPBEAT AND WILLING TO HELP OTHERS...I AM SURE GENE LIVED HIS LIFE IN AS MEANINGFUL WAY WITH HIS FAMILY...AS WELL AS HE DID WITH HIS CAREER. I AM SURE THE WONDERFUL MEMORIES OF YOUR LIVES TOGETHER WILL SUSTAIN ALL OF THE FAMILY AT THIS SAD TIME. DON & DONNA KOSTEROW

Frosty was helpful and kind to everyone. He cared for his wife when she became ill at his own sacrifice. He represented Boise Cascade always in a professional manner. He was a role model to new hires and never talked down to anyone. He loved working in the laboratory with the technicians. When I think of the St. Helens mill, Frosty's face always appears.
