I remember the day Marsha (mom) cut my hair for the first time. She hadn't cut anyone's hair in a long time. But I had faith in her. Her hands were shaky but she did a fantastic job. She had April check to make sure it was all even and it was. Best haircut I had ever had to that point in my life. She always called me her Dee and I will always call her my mom. Love you mom!!!!❤️

I remember one time she decided she was going to get a hot wax machine and try it out on all of us!! End result was we had no skin left on our lips n eye brows..Lol I can't remember a time when my mom ever left the house without make up and hair done. Evin in her final days I would help her get her self together. Beautiful all the way to the end. My beautiful mommy!!

Marsha and I wore hot pants and messnet stockings to the zoo it still bothers me to this day. She was always trying new things. We even wore feathers on our head. Clothes and makeup was her thing. Always looked her best. Loved all the new stuff she would come up with.good or bad .love your sister jp
