You were the best Granny anyone could ask for. You were fantastic when I needed to be sat down, but also great when I needed to be lifted up. I will always love and think about you as my Granny, and will pass down the lessons you taught me to my children. I will see you again. I love you. -Megan##imported-begin##Megan Currie-Bluhm##imported-end##

It is hard to imagine the world without her. Mom always used Nanny as the trump card...."You better watch it or I'll tell Nanny...." I remember sore elbows at the dinner table. I remember other sore parts also if you didn't do as you were told. It only took a look, that look of hers, and I'd fly right. I will always remember her smile. I will always remember her love and warmth. I will miss her in my world, even if we were usually a continent apart, she was and always will be, my Nanny. I hope to always be her and my Moms Punky.##imported-begin##Matthew Merrick##imported-end##
